## Press Release

**PR031820**

**Date: 19 February 2018**

**Release: Immediate**

### **Jones Holidays increase door to door opportunities for its Anglesey customers**

Jones Holidays, part of Alpine Travel, has announced the launch of its door to door complimentary pick-up service across Anglesey.

Following on from a successful Roadshow in Anglesey in February 2018, Jones Holidays have recognised that their customers are keen to travel on its many British and European coach holidays, and would welcome the increase in its door to door service.

The door to door pick-ups have, in the past, incurred additional costs for the north of Anglesey, and wishing to ensure that all Jones customers have an equal experience, Chris Owens, Managing Director commented: 'Since Jones Holidays was acquired by Alpine Travel in early 2017 we have been conscious that our customer geographical areas have increased, and we are also keen to offer excellent customer service. We've therefore agreed to offer this free door to door pick up service for Anglesey for 2018 as we have with services for our customers based along the North Wales coast as well as the Wirral Peninsula – it seems only fair to ensure that all of our customers can expect the same great service and benefits when travelling with Jones Holidays”.

This news follows the successful launch of the Jones Holidays 2018 Spring & Summer brochure. Jones Holidays are also set to launch their new SuperSaver branded holidays later this year with an additional brochure distributed alongside the traditional door to door holidays, giving customers more choice and a wider variety of tours to choose from.
